

OUR INFRASTRUCTURE :

- High Pressure PUF Dispensing Machine
- PUF Panel Press
- Fabrication Line
- Bending Machine
- Corner Panel Press
- Seaming Machine
- Mig Agron-Arc-Gas-Spot Welding Machine
- Chilling Plant

OFFICE :
G/4/A, Hemkoot Complex,
B/h, Janpath Complex,
Opp. Sanjay Ashram, Ashram Road,
Ahmedabad, Gujarat - 380009.

FACTORY: Plot No. 73 & 92, Vibrant Industrial Park, Zak-Kadadara Road, Vahela, Ahmedabad, Gujarat-382330. | Mail : sales.appscold@gmail.com | Web : www.appscold.in | M. 9687611421

APPS COLD SOLUTION LLP

ABOUT US

Established in 2010, APPS has been successfully satisfying the needs of customers since inception. It has a humble beginning trying to fulfill the requirements of cold room equipments, from its production to its after sales service. The vision to become a known leader in India of cold room equipments in terms of quality, price and service was clear. The Three-tier policy of the company also embedded customer satisfaction with respect to product range and service network. For this, the company recruited efficient, qualified and dedicated human resource though it meant additional costs and overheads to the company. APPS Cold Solution LLP's objective is customer satisfaction and not Profit Margin. Their word-of-mouth publicity has helped us not only to acquire new references but also to capture a significant market share in the industry.

MISSION & VISION

Our vision is focused on excellence, the highest quality and to be leader in technology. We redefine quality day by day, continuously to provide world class products with services and settings higher and higher standard of customer oriented quality.

WHY APPS

We are in the business of exploring new frontiers with innovative ideas. 5 Years of

- Service to the Customer
- Excellence in Quality
- Building Trust
- Exponential Growth

QUALITY POLICY

APPS is committed to provide Energy saver and Eco friendly high quality products and Services to achieve total customer satisfaction.

OUR COMMITMENT

We are committed to quality, integrity and excellence in all areas of business. We pledge to monitor our performance as an on-going activity and strive for continual improvement, through enhancing skills of all employees through training and motivation.

PRODUCT RANGE

- Cold room PUF Panel (Discontinuous Type) 40, 60, 80, 100, 120, 150 mm
- Cold Room Door
- Condensing Unit (Air/ Water Cooled)
- Blast Freezer
- Evaporator Unit
- Electric Control Panel
- Incubation Chamber for Curd
- Ripening Chamber
- Blast Chiller
- Pre-Cooling Chamber
- Mortuary Chamber
- Refrigerated Vehicle
- Refrigerated Van
- Cold Room Accessories

INDUSTRIES WE SERVE

- Dairy Product Industry
- Ice Cream Industry
- Food Processing Industry
- Fruit Ripening Industry
- Horticulture / Floriculture Industry
- Hotel - Restaurant
- Retail Outlet for Dairy - Ice Cream
- Hospitality Industry
- Pharmaceutical Industry
- Chemical Processing Industry
- Biological / Research
- Logistic

REFRIGERATION UNITS

REFRIGERATION UNITS

Depending on the application, different temperature zones need to be maintained : low (-23°C to -5°C), medium (-5°C to +2°C) and high (+2°C to +15°C), consequently, there is a need for a wide range of refrigeration systems. Walk-in-Cold Room offers a wide variety of both evaporating and condensing units. It includes both air-cooled and water-cooled low temperature condensers, with technology from the world leaders Danosco and Bitzer.

EVAPORATOR UNITS

Walk-in-Cold Room's evaporating units are compact, slim and sleek, so they occupy minimum space ensuring maximum storage space. Other features include.

Key Product Features

- Aluminum powder coated body and excellent corrosion resistance
- Inner grooved copper tubes for superior heat transfer
- In-built defrost heaters for low-temperature units
- External rotor driven fans with low noise levels
- Removable side panels for easy service

CONDENSING UNITS

These units are characterised by high-efficiency heat transfer and low power consumption. Other features include.

Key Product Features

- Sleek design
- UV and corrosion resistance
- Inner grooved copper tubes and slit aluminum fins for superior heat transfer
- Energy efficient compressors
- In-built safety and control devices
- Weather proof canopy

REFRIGERATED CONTAINER

LOW WEIGHT

HIGH STRENGTH

BETTER INSULATION

MICROPROCESSOR CONTROLLER

Walk-in-Cold Room's refrigeration units come with intelligent microprocessor "powered controllers. These BMS-compatible"

controllers offer user friendly features like :

- Remote monitoring facility*
- Display of all operating functions and parameters
- Total Control
- Communication of all faults and alarms

CONTROL PANEL

Energy refrigeration unit comes with ready-to-use control panels that make electrical connections simple safe, fast and long-lasting. These control panels also feature :

- Temperature Controls
- Phase Preventing
- HP-LP
- Protect over current thermal relay (only compressor)
- Auto Defrost
- Delay timer

APPS COLD SOLUTION LLP

OFFICE :
G/4/A, Hemkoot Complex,
B/h, Janpath Complex,
Opp. Sanjay Ashram, Ashram Road,
Ahmedabad, Gujarat - 380009.

FACTORY: Plot No. 73 & 92, Vibrant Industrial Park, Zak-Kadadara Road, Vahela, Ahmedabad, Gujarat-382330. | Mail : sales.appscold@gmail.com | Web : www.appscold.in | M. 9687611421

- Type of Construction :** Heavy structure with Pre Fabricated Sandwich Panels with Cam Lock on all sides
- Wall Thickness :** All panels fit together by Cam Lock, so container becomes air tight fit
- Surface Material :** Insulated wall thickness 80mm (Small Vehicle), 100mm (Mini Truck) & 125mm (Heavy Loading Truck)
- Type of Floor :** Outside Pre coated GI sheet Skin Thickness 0.8mm or S.S. grade 304, Thickness 0.5mm Inside Pre coated GI sheet Skin Thickness 0.8mm or S.S. grade 304, Thickness 0.5mm
- Option-1 :** We are providing outside Pre coated GI sheet. Thickness 0.8mm & inside 9mm or 19mm Marine Ply with FRP layer for water proof & top material as per below details
- Option-2 :** Aluminum Checkered Plate for easy moving & air rotation.
- Option-3 :** S.S 202 rectangle pipe structure for better easy moving & air rotation.
- Door :** Single loft Door For Small Vehicle & Double Loft Door For Mini and Heavy Loading Truck
